		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec		
Strategic Priority 1: Strengthen the coordination, technical and operational capacity of national/regional and global level actors to prevent, prepare for, and to ensure a quality and timely response, to HIV in emergencies																											
1.1	Enhance capacity of relevant actors to coordinate an integrated HIV response at national and subnational levels, at a minimum, in HIV-E priority countries																										
1.1.1	Define IATT HIV-E priority countries which will focus work in 2020-2021																										Propose limiting to maximum 4-5 countries per year. 2020: L3 countries and other priority countries identified by coconvenors and members. For example, CAR, DRC, Ethiopia, Somalia and Uganda. To be confirmed at F2F.
1.1.2	Map 2020 Humanitarian Response Plans to identify the extent to which HIV is included																									This activity depends on WFP funding availability; and will align with efforts conducted by WFP RBN and WFP RBJ	
1.1.3	Collate and share HIV-E guidance/tools on accessible platform (website)																									Update the HIV-E Toolkit on the IATT HIV-E website	
1.2	Provide appropriate technical and operational support to country level																										
1.2.1	Maintain list of IATT HIV-E Focal Points, particularly at global level																										
1.2.2	Conduct ad hoc (multilateral and bilateral, as needed) teleconferences in response to specific emergencies																									On need basis; at a minimum, one teleconference at onset of new emergency in Fast Track Countries	
1.2.3	Conduct planned country calls to assess integration of HIV into the emergency response and better understand support needs																									Based on discussions of priority countries where greater support may be required	
1.3	Ensure global collaboration, coordination and delivery of HIV-E strategic priorities by strengthening global HIV-E IATT platform																										
1.3.3	Conduct regular (bimonthly) teleconferences with all members																									One Thematic call every two months, at a minimum. One such call should be on the Health and Protection needs of Sex workers	
1.3.4	Conduct at least 1 HIV-E face-to-face meeting per year																									Duration to reflect agenda; though on average, 1-2 days per F2F	
1.4	Provide support to HIV-E emergency preparedness																										
1.4.1	Provide support to relevant sector/cluster coordinators to ensure that HIV-E is addressed in national level Emergency Preparedness and Response Plans (EPRPs)																									HRPs developed in priority countries, at a minimum	

Draft - HIV in Emergencies Workplan 2020 - 2021

		Q1			Q2			Q3			Q4			Q1			Q2			Q3			Q4		
		Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Strategic Priority 2: Strengthen inter-cluster and multi-sector collaboration to ensure HIV-E is addressed as a cross-cutting theme																									
2.1	Joint identification and comprehensive analysis of priority needs, response planning and gaps to support operational decision-making and																								
2.1.1	Collaborate with Global Cluster meetings (particularly Health, WASH, Nutrition, Food Security and Protection) and ensure that HIV is integrated into other relevant programmes																								Develop and maintain contact, taking opportunities to 'piggy-back' existing meetings and webinars
2.1.2	Ensure participation at Global Health Cluster meetings and lead and/or contribute to agreed outputs within the GHC workplan.																								Provide input towards relevant workplans.
2.2	Identify programmatic synergies between sectors/clusters to prevent, prepare for, and respond to HIV-E																								
2.2.1	Develop 1-pagers/checklists on HIV-E and clusters and sectors to guide HIV specific and/or sensitive programming																								These 1-pagers are to be an updated version of the 2014 Cluster briefs.
Strategic Priority 3: Contributing to strengthen resourcing, advocacy, information management and research																									
3.1	Establish an online repository of technical guidance for response to humanitarian emergencies																								
3.1.1	Enhance the IATT website as the first point of entry for coordination and technical guidance																								Website to include available tools and guidance
3.2	Promote HIV-E research and add to the evidence base																								
3.2.1	Document best practice and lessons learned																								
3.2.2	Seek more effective HIV-E coverage at conferences, in journals and publications, and other media through joint event planning and presentation of research.																								Participate in major events including HIV and AIDS 2020 and ICASA 2021
3.2.3	Conduct research/evaluation exercises to better evidence the impact of emergencies on HIV vulnerabilities and responses																								Advocate for emergencies to be included in ongoing evaluation exercises by UNAIDS. Reach out to academic institutions
3.3	Identify underfunded emergencies that are impacting PLHIV and advocate for resources with donors and Clusters																								
3.3.1	Liaise with The Global Fund and advocate for HIV-E funding for Challenging Operating Environments (COE)																								
Strategic priority 4: Proposing solutions to address strategic and technical gaps																									
4.1	Identify, develop and mainstream guidance and tools to support the HIV-E response																								
4.1.1	Promote work of the IATT to the Global Fund for better engagement																								At minimum, one HIV-E meeting at the Global Fund
4.1.2	Promote work of the Global Fund to IATT members, for better engagement.																								At minimum, one thematic call to be led by the Global Fund, to inform members on how to better engage at a country level.
